### They Dont Know

Some of our eastern exchanges, notably the Richmond Evening Journal and the Lynchburg News, are holding up their hands in holy horror at the idea of "votes selling at \$30 each in the Ninth District." What fools these mortals be! Do they know that the price of living has increased wonderfully under the workings of the Payne-Aldrich bill? Do they know that the only way to fight him is with fire? Do they know that Bascom Slomp and his agents collected and expended seventy-five thousand dollars here in the Ninth district? Do they think that the Democrats sit idly by and not make a bid? If they do, they are dumphools.—Wise News.

### Three Veterans

Richmond Times Dispatch: When the Sixty second congress convenes it will contain but three members who have hitherto served in a democratic house presided over by a democratic speaker. These are the Hon. J. F. C. Talbott, of Maryland; the Hon. Champ Clark, of Missouri, and the Hon. William A. Jones, of Virginia. Young, indeed, will seem other members in point of service when compared with this trio of survivors of a former democratic house. It would not be surprising if one of them became the next speaker. The fact that these three alone are left indicates striking how long it has been since the democrats passed out of power.

### Hotel Inspector

The state health department is seeing that the new law requiring the inspection of hotels is being enforced and its chief inspector, Dr. R. K. Flannagan, is constantly on the road, inspecting hotels and public buildings in various parts of the state.

The new law went into effect September 1, and notice to that effect was sent hotel proprietors by the health department in August. They were given a brief time in which to adjust themselves to the requirements of the law, with which they had already been made familiar, and are now expected to live up to the letter of the law.

Dr. Flannagan, who has this work in charge, as chief of "the Bureau of Inspections, is much pleased at the prospect and believes that the new provisions of the law will be put into effect with little friction.

### Notice

Notice is hereby given that there has been a dissolution of the co-partnership of Boray and Vegh, which is composed of myself and John Boray, Sr. The purpose for which this firm was organized was to conduct a retail grocery store in the town of Pocahontas.

Mr. Boray assumes all of the indebtedness of said firm and takes over all the accounts that are due to said firm. Parties who have been dealing with us will pay their accounts to John Boray Sr.

This the 10th day of November, 1910.
